

We would like to welcome you and your family to
Van Westen orthodontics
Where Smiles Come Together for a lifetime

Shuttle Service Information

We at, **Van Westen orthodontics**, are working together with **Go Kid Go Transport & Tours, LLC** in response to many parents who ask about transportation for their children to and from appointments. **Go Kid Go Transport & Tours, LLC** is Milwaukee's only dedicated children's transportation and since 2001 they have provided kids and their families with safe, reliable and convenient transport, and a lot of peace of mind.

Patient families are to work directly with **Go Kid Go** to arrange transportation to and from appointments. In most instances, transport would be between a child's school and our office, but other pick-up and drop-off locations can be arranged. **Go Kid Go** specializes in providing scheduled, recurring rides, which means families can arrange transportation weeks or months in advance.

If you would like to know more about how **Go Kid Go** operates, to complete a registration form, and to request a service, please visit their website at gokidgoweb.com. You may also e-mail the company at gokidgo@gokidgoweb.com to request a service fee quote.

Van Westen orthodontics is happy to make our patient's families aware of **Go Kid Go** and their services. However, **Van Westen orthodontics LLC** and **Go Kid Go Transport & Tours, LLC** are both privately owned, stand-alone companies, with no legal connection or obligation to or for one another. Therefore, families working with **Go Kid Go** are subject to their policies, terms and conditions. **Van Westen orthodontics** bears no liability for the interactions between our patient's families and **Go Kid Go Transport & Tours, LLC**.

Upon your child's appointment completion, he/she will be given an **Orthodontic Treatment Progress Card** containing information on the treatment rendered during their visit. Your child will also be scheduled for their next appointment as recommended by Dr. Van Westen. A confirmation email will be sent to you with the same information.

Throughout the course of treatment, Dr. Van Westen may require a parent or guardian to be present at their child's appointment. In such cases, you will be notified of this need and **Go Kid Go** will not service your child for that visit. You may reinstate shuttle service for future appointments.

If families need to reschedule appointments, we ask parents to call both **Van Westen orthodontics** and **Go Kid Go** directly.
